
Back-up 4-star swivel base chair & armchair

design Peter van de Water

A family of chairs, designed to fit and support any environment, with consideration for the environment.

Available with or without arm

Highly customizable in multiple Kvadrat fabrics, with an endless choice of colour

Product information

Designed for all the demands of today- and every day to come, the Back-up chair has your back, responding to the ebb and flow of today's work and life, and built to last a lifetime.

Meet the latest additions to the Back-up family: we added a few more bases to increase the versatility in use for a variety of spaces.

So here's the 4-star swivel base with or without arm. Even the chair itself is versatile: take a 360° spin in a sec.

The Back-up swivel is innovative in its clean lines and straightforward with its minimal use of materials. Specifically, the formed steel tube frame with a powder coat finish which is made to last, and the fitted seat and backrest that are highly customizable in a selection of Kvadrat fabrics.

It is a charismatic piece, in which minimal design and structural shapes come together in an elegant and durable chair that provides lumbar support, while the simple aesthetic adapts to any environment.
